

TEFUTE® USA, Inc.

Lifetime Limited Warranty

120 MPH Wind Speed and Hail Stone Warranty

Tefute USA, Inc. (hereafter referred to as "**the Company**") provides a lifetime limited warranty, defined as "**50 years**," to the original property owner purchaser (hereafter referred to as "**Buyer**") of the Company's Stone Coated Metal Roofing Products. The Company guarantees that each Stone Coated Metal Roofing Product purchased by the Buyer will withstand wind speeds up to **120 miles** per hour and resist hail damage from hailstones up to **two inches in diameter**. This warranty covers any prepared roof covering layer impacted by hail, ensuring that the Company's Stone Coated Metal Roofing Products will not tear, fracture, crack, split, rupture, craze, or show evidence of opening at the impact site during the Buyer's lifetime. Additionally, the warranty covers the product's surface coating, ensuring it will not wear down from normal weathering in a manner that affects performance.

LIMITATION OF LIABILITY: If the Company's Stone Coated Metal Roofing Products fail to meet the standards outlined above, the Company will, at its sole discretion, either repair or replace the defective product, including materials of equal or equivalent quality and labor, within the first 20 years after installation. From years 21-40, the Company will cover the reasonable cost of materials only for the replacement of stone coated metal products. From year 41 onward, the Company's liability under this Limited Liability Warranty will be fixed at 20% of the reasonable replacement cost of materials only for defective Company products. The Company will make reasonable efforts to replace defective products with the same color or design; however, variations in color or product profiles may occur over time. **This Lifetime Limited Warranty is the sole and exclusive remedy, and the Company shall not be liable for any consequential, incidental, economic, indirect, or punitive damages or losses of any kind. There are no implied warranties beyond the term of this Lifetime Limited Warranty or beyond the term prescribed by local, state, and federal laws.**

REGISTRATION AND TRANSFERABILITY: The Buyer must register the warranty within 90 days of the installation date of the Company's Product(s). Once registered, the warranty can be transferred one time to a subsequent property owner within the first 20 years after the initial installation of the Company's Product(s). For the new owner, the warranty will convert to a materials-only limited warranty from years 21-50. This Lifetime Limited Warranty cannot be transferred beyond the first transfer.

TERMS AND CONDITIONS:

1. The Company must be notified in writing of any detailed defects in the Company's Stone Coated Metal Roofing Products. This notice must include the name and address of the owner of the defective product.
2. The Company will not be liable for damages to its products or any other property caused by reasons other than the specific defects defined in this Lifetime Limited Warranty.
3. This Lifetime Limited Warranty does not cover damages caused by the following:
 - a. Defects in the structure on which the Company's Product is installed.
 - b. Abusive foot traffic not complying with the Company's installation procedure(s).
 - c. Modifications of any kind, liquid, or coating materials.
 - d. Improper installation, misuse, neglect, or improper handling during or after installation.
 - e. Damages caused by fungus, mold, lichen, algae, mold growth, or other contaminants.
4. This Lifetime Limited Warranty only covers the Stone Coated Metal Roofing Products sold by the Company. Distributors and installers of Company Stone Coated Metal Roofing Products are not authorized to modify the terms and conditions of this Lifetime Limited Warranty.
5. This Lifetime Limited Warranty is the only warranty provided by the Company for its Stone Coated Metal Roofing Products. Distributors and installers of Company Stone Coated Metal Roofing Products are not authorized to modify the terms of this Lifetime Limited Warranty in any way.
